(N)

I can't believe it's taken me that long
To find someone who makes me feel so strong
Don't want to live without her
I can't believe it took me all this time
To find someone who makes my whole world rhyme
Now I can't seem to live without her

Never saw my journey's end
Never knew myself as a family man
But now my feet touch solid ground
And I can finally settle down

(A)

Allow me, love, to freely speak my mind
Forgive me if my words seem out of line
But they're spoken with the best intention
The world will surely call on you
Maybe sooner than the day is through
Requiring your full attention

I can't see your journey's end
Deep inside you're still a traveling man
And let me be your solid ground
When you're finally settle down

(N, A)

We've both had our share of losing
Still there's so much left to be won

(N)

Feeling more respected
Finding my words accepted

(N, A)

The future's just begun

(N)

Never saw my journey's end

(A)

Deep inside you're still a traveling man

(N)

But now my feet touch solid ground

(A)

Let me be your solid ground

(N, A)

When we finally settle down

(N, A)

We've both had our share of losing

Still there's much left to be won

(N)

Feeling more respected

Finding my words accepted

(N, A)

The future's just begun

(N)

Never saw my journey's end

(A)

Deep inside you're still a traveling man

(N, A)

But now our feet touch solid ground

And we can finally settle down
