Boy, I am just so happy, since you came into my life,
I just can't believe what your love did to me

* Xtacy, xtacy, xtacy, you're the next to be my,
Xtacy, xtacy, xtacy, you're the next to be my baby...

Boy, take me to your heart, don't you ever let me go,
Looking into my eyes, you will realize

(rap)

Action, reaction and physical attraction,
Take me to your heart, I guarantee your satisfaction,
Shake me, shake me, baby baby take me,
If I'm in a desert baby, don't you ever wake me,
Come on girl, just you and me, tell me,
Don't you wanna be my lover,
My fantasy, tell me is this xtacy...

(whisper)

You know that you make me feel,
It's like something never thought before,
This feeling I've got is from you,
You take me to xtacy...

* Repeat

I am with you whatever comes our way,
You will always hear me say...

* Repeat
