I saw it coming
like summer rain
Incoming ocean
Oncoming train
I veered in circles
to get off your path
I tried to warn you

[Chorus]
This would be the kiss that counted
The one that mattered
My life before me, undone
This would be the kiss that counted
The one that shattered
my defenses, bringing the emotion

I shut my windows
and my eyes
I put on my headphones
and stayed inside
But all these love songs
pouring through my veins
carried you to me

[Chorus]
Cause this would be the kiss that counted
The one that mattered
My life before me, undone
This would be the kiss that counted
The one that shattered
my defenses, bringing the emotion

You say, "It must be four AM."
I saym "If I don't kiss you now, I will never sleep again."

[Chorus]
This was be the kiss that counted
The one that mattered
My life before me, undone
This would be the kiss that counted
The one that shattered

my defenses, bringing the emotion
and devotion...
