No relief and I can't forget
the water and the stone
You walking into the waves
When I ran to follow you
and when I carried you back home
I thought you'd want to be saved.

All that you'd want
the sky above the blue
all that my love
couldn't prove
All that you'd won
why I never knew,
all that you wanted to lose.

Sleeping in our field at night
a million tiny wings
Fireflies try to land
I thought I heard you whisper
but all the time it was the wind
spelling words in my hand

All that you'd want
the sky above the blue
all that my love
couldn't prove
All that you'd won
why I never knew
All that you wanted to lose.

No relief and I can't forget
the water and the stone
I held you up in my arms
the night is cool like the
rivers pull
and you don't have to be alone
Now, you can drown in her charm

All that you'd want
the sky above the blue
all that my love

couldn't prove
All that you'd won
why I never knew
All that you wanted to lose.
