I look back at the moment when I lost myself,  
Too blind to see I changed to someone else,  
I fixed the wrongs did what was true,  
Kept the best of me, left the old for the new,  
I keep my eyes on the real, let love stand tall,  
You stood by me through the rise and the fall  
Now I'm keeping on top with the people I choose,  
It was killing me when I believed in you.

We hold on,  
We hold on,  
We hold on to, to what we do

Repeat

To what we do ( x 4)  
When it comes around ( x 4)

I gave myself some time it was the thing to do,  
Tried to keep from down, tried to push on through,  
Turn left turn right, who do I look to,  
When the ones you trust just won't trust you,  
Held my pace, kept my speed, didn't fade away,  
Left the bitter hate found a brand new day,  
No more feeling depressed, just short of breath,  
My anxiety's gone now I'll leave this mess,

We hold on,  
We hold on,  
We hold on to, to what we do.

To what we do ( x 4)

We hold on  
We hold on  
We hold on to.

When it comes around (x 4)

We hold on  
We hold on  
We hold on to, to what we do.
