Late night make a run with the devil
High beams blast the track at full steam
Fork in the road but I'm on the get go
So hold on tight tear up the concrete
One eye open lookin out for cops
The other ones hopin just to keep 'er straight
My right hands reaching for the right to shift
My left hands always pullin to the passin lane
Hit it,

I'm lookin outside my life keeps flashin by
I move around but I'm always against the wind
Enjoy the ride and just hang on

Drive it all night
Launch it straight from hell
And hang it on the edge
Fueled by adrenaline
Lady luck don't fail me I'm at it again
Fueled by adrenaline

Right... heavy on the gas till I'm satisfied
I live for the moment when it's do die
So I set the pace cause I'm second to none
Take a quick pitstop then I'm back on the run
I'm pushin really hard I'm in the triple digits
Can't break down ignore the speed limit
Cause I'm outta my mind when I'm pressed for time
Let the demons inside hit the overdrive
Get it..

I'm lookin outside my life keeps flashin by
I move around but I'm always against the wind
Enjoy the ride and just hang on

Drive it all night
Launch it straight from hell
And hang it on the edge
Fueled by adrenaline
Lady luck don't fail me I'm at it again
Fueled by adrenaline

For a long while nearly lost my ride
Just a long shot lady luck on my side
Under the eight ball finally realized
Been sold out hop in the low ride
I can't turn back and I'll see you in hell

Drive it all night
Launch it straight from hell
And hang it on the edge
Fueled by adrenaline
Lady luck don't fail me I'm at it again
Fueled by adrenaline
