I'm like a 454
With the 4 on the floor
Deuce coupe coming at you
Avoiding the capture
Far from stock I'm chopped and ready to rock
From the city of steel
Catch me crusin down the block
But nowadays are difficult
Im out on my own
Drive an 86 Jetta
Hoping that I could do better
But my car keeps me humble
In the concrete jungle
Despite the wear and tear
It seems to always get me there

Rebuilt the motor because
She decided to blow
And what do you know
Someone stole my stereo, when it's
Time to go I put my foot on the floor
Let the deasel do the work
I ain't complaining no more
Highways and straighaways
Offroads and open roads
No matter where i go
I'll still be making the show
It's kinda like life
And life treats you good
It's not what's on the outside
It's what's under the hood

Chorus:

Put the pedal to the metal and im off and never getting
lost
Which way will I turn when roads cross
Press the petal to the metal little more when it's scary
But one thing for sure, keep my foot on the floor
Put the pedal to the metal and im off and never getting
lost
Which way will I turn when roads cross
Press the petal to the metal little more when it's scary

But one thing for sure, keep my foot on the floor

It doesn't matter what you drive
It's how you drive what you got
Discipline you can win
Just let the tire spin
And begin
The journey of life with each stride
Meet me on the other side
Let me know when you arrive
Sometimes we collide
Be sure that your insured
Got the back up plan
Alternative program
Who I am, Doesn't reflect material wealth
My vehicle approaches stealth
I'm coming with the wickedness so I can take them out
with my style
Style style style style when I bust the true school watch
this hip hop

Chorus:

Put the pedal to the metal and im off and never getting
lost
Which way will I turn when roads cross
Press the petal to the metal little more when it's scary
But one thing for sure, keep my foot on the floor

Won't stop drivin till it's over
Still be crusin when the sun goes down
Won't stop drivin till it's over
Still be crusin when the sun goes down

Chorus:

Put the pedal to the metal and im off and never getting
lost
Which way will I turn when roads cross
Press the petal to the metal little more when it's scary
But one thing for sure, keep my foot on the floor
Put the pedal to the metal and im off and never getting
lost
Which way will I turn when roads cross
Press the petal to the metal little more when it's scary
But one thing for sure, keep my foot on the floor

Put the pedal to the metal and im off
put the pedal to the metal and im off
pedal to the metal and im off

With a 62 bird and I'm out like that and I'm out
