"Choose"

Choose!
Choose every bit of your life,
Though it might be hard.
Choose!
The right thing to do,
Follow your heart follow it way through.

Be!
The person you're made to be,
true-ally
Be...

You!
You can make it through,
Yeah...
Just you!

Be whoever you wanna be.
Do whatever you wanna do.
By yourself,
All alone,
Just you,
All the way home!!

Choose!
Choose every bit of your life,
Though it might be hard.
Choose!
The right thing to do,
Follow your heart,
Follow it...
Way through!!
