I am an angel,
I am a devil.
I am nice,
I am mean.
But most of all... I am me.

Me _____
A girl with a smile on her face
A smile that never goes away
A girl with changing personalities...
That girl is me.

I am smart,
I am stupid.
I am loud,
I am quiet.
I am spicy,
I am sweet.
But still most of all I am me.

Me _____
A girl with a smile on her face
A smile that never goes away
A girl with changing personalities...
That girl is me.

I am hot,
I am cold.
I am mad,
I am sad.
I am happy...I am...

Me _____
A girl with a smile on her face
A smile that never goes away
A girl with changing personalities...
That girl is me.
