[Christian]

In search of my life and my one true

Love

I prayed to Almighty God above
And His masterful voice directed me

To

The many things I was destined to do

So I sailed across the mighty sea
Pursued knowledge of the highest

Degree

Took to learning new skills
Experienced new thrills
Felt my life was completely
Fulfilled

#2

[Christian]

At the end of my amazing quest
After proving myself
By achieving success
I hoped to find the prize so rare
A priceless treasure beyond compare

For God promised He would bring me

Love

A love without measure, trusting and

True

And behold, my dear Sapphire
He brought me to you
He brought me to you

#3

[Sapphire]

In search of my life and my one true

Love

I prayed to Almighty God above
And His compassionate voice directed

Me to
The many things I was destined to do

And in my private reverie
I read of lands across the sea
I imagined enchanting hallowed hill
Grows beyond my window sill

#4
[Sapphire]
And through all of these my fancy

Quests
I cherish the secrets up close to my

Breast
I hoped to find the prize so rare
A priceless treasure beyond compare

For God promised He would bring me

Love
A love without measure, trusting and

True
And behold, my dear Christian

[C] And behold, my dear Sapphire
[Both]
He brought me to you
He brought me to you

#5
[Both]
My heart knew this without a doubt
That's what destiny's all about
[Christian]
God promised He would bring me love
[Sapphire]
A love strong and true
[Christian]
A promise He fulfilled above
He brought me to you
[Sapphire]
He brought me you
