Moving forward, using all my breath  
Making love to you was never second best  
I saw the world rushing all around your face  
Never really knowing it was always mesh and lace

I'll stop the world and melt with you  
You've seen the difference and it's getting better all  
the time  
There's nothing you and I won't do  
I'll stop the world and melt with you

Dream of better lives  
The kind which never hate  
Wrapped in a state of imaginary grace  
I made a pilgrimage to save this human race  
Never comprehending the race had long gone by

I'll stop the world and melt with you  
You've seen the difference and it's getting better all  
the time  
There's nothing you and I won't do

I'll stop the world and melt with you  
The future is open wide

I'll stop the world and melt with you  
I've seen some changes but it's getting better all the  
time

There's nothing you and I won't do  
The future is open wide
