[Verse 1:]

Don't give up girl and let your addiction win.
Your heart is too strong to let your body give in.
Been down that road too many times before.
A life full of struggle you don't want no more.
Keep fighting pretty girl and move on.
Until all side effects of your addictions gone.
Might take a lifetime to recover from this.
But all the pain and suffering you surely don't miss.
You'll never forget the X you left in the past.
So beaten and broken from living life too fast.
The pain and memories you swore you'd never let go.
The tears and heart break you finally show.
You had to face yourself to learn what was inside.
Running for so long you could no longer hide.
You wanted out wanted to break free of this.
But I have to admit this loverboy you miss.

[Chorus:]

You're free you're free you're free girl.
No more man government living in his world.
Hey!
You're free you're free you're free girl.
No more man government living in his world.
Hey!

You're free you're free you're free girl.
No more man government living in his world.
Hey!
You're free you're free you're free girl.
No more man government living in his world.
Hey!

[Verse 2:]

You had a master of an evil kind.
He totally controlled your body soul and mind.
At first he was fun and so kool.
But very soon you became his big fool.
You were a victim without a chance.
Cause he took your life in just a glance.
He was so sneaky and full of deceit.
You still wondering why did you ever meet.
Thanks to your master now you have someone you
hate.
You have a life now and you feeling great.
No more worries about cheating and lie.
And no more you lie in bed and pray to die.

[Chorus:]

You're free you're free you're free girl.
No more man government living in his world.
Hey!
You're free you're free you're free girl.
No more man government living in his world.
Hey!

You're free you're free you're free girl.
No more man government living in his world.
Hey!
You're free you're free you're free girl.
No more man government living in his world.
Hey!

[Bridge:]

You go girl-
You're Free-As a bee-.
Yeah baby!

[Verse 3:]

Now you loving and caring enjoying your life.
You're free as a bee no one's girl, bitch or wife.
Show me your ring finger you're the classy type.
Cheers to you baby party and have fun all night.

[Chorus:]

You're free you're free you're free girl.
No more man government living in his world.
Hey!
You're free you're free you're free girl.

Hey!
