You know baby
There is so many times in my life
I felt lost and confused yeah
Then here you come looking at me
And I no longer feel incarcerated
Just you make me feel so free as can be
Yeah baby

When you look at me... Sends chills up my spine
You make me lose control
When you look at me... Girl I gotta let you know
I feel you in my soul... Exactly what you do
When you look at me
Baby I feel so hot and free... You make me feel good
too
Check it

Baby when I see you I feel something in my chest
Felt this before but nothing like the rest
I use to simply use them girls
Think nothing of their worlds
But then you came along and made me strong
Even though you made me weak
I just know you are my world
I'm happy that I'm in it
More than beautiful it's unusual
I feel that sky is the limit
Since you came around my pain is gone
You are my soul can't let you go
You make me feel so free... free

When you look at me
You make me lose control... Lose control
When you look at me...
I feel you in my soul... my soul
When you look at me
Baby I feel so hot and free... Yow hoooo
Free

I always thought that love would steer me wrong... steer
me wrong

Our broken heart another lonely song... sad song
But with YOU I'm on a mountain so high... high baby
And nothings gonna bring me down
Because I know that your love surrounds
Tell me... Baby... Maybe...
They say that we won't return... yuh mad
That's don't mean nothing to KC
They don't see how strong we are
Since you came around my pain is gone
You are my soul can't let you go
You make me feel so free
Free Free

When you look at me
You make me lose control... Lose control
When you look at me...
I feel you in my soul... my soul
When you look at me
Baby I feel so hot and free... Yow hoooo
Free

I see the future in your eyes... straight in your eyes
baby
So tell me darling what you see in mine... what you see
I'm being selfish don't wanna help it... can't help it
I know... it's true... Is how I feel about you

When you look at me
You make me lose control... Lose control
When you look at me...
I feel you in my soul... my soul
When you look at me
Baby I feel so hot and free... Yow hoooo
Free
