Is this our last chance to say all we have to say  
Hiding here inside ourselves we live our lives afraid  
So close your eyes and just believe in everything your  
told  
Cause in this land of great confusion it's easy to give  
up control

[Chorus:]

Strange world people talk and tell only lies  
Strange world people kill an eye for an eye  
Strange world dream one-day we'll see the light  
Strange world believe and everything will be alright

And this is the place where everything begins and ends  
again  
No secrets left to find no seven deadly sins  
This world that we have wasted has kept us very well  
When science now is sacred who will save us from  
ourselves

[Chorus:]

Strange world people talk and tell only lies  
Strange world people kill an eye for an eye  
Strange world dream one-day we'll see the light  
Strange world believe and everything will be alright

[Violin solo]

Strange world people talk sometimes I wonder why  
Strange world people kill still no-one hears their cries  
Strange world burn these thoughtless tears out of my  
eyes, eyes

Strange world people talk and tell only lies  
Strange world people kill an eye for an eye  
Strange world dream one-day we'll see the light, ahh,  
ahh

Strange world people kill and people hate and  
People talk and people kill and still I wonder wonder  
why, why
