As I lay in your arms  
At night I thank god  
For the gift that was you  
As I slow drift  
Into the world of dreams  
I saw my dream  
That already come true

CHORUS:  
Promised me honesty  
Promised me happiness  
Promised me you'll always be there  
You made me all these promises  
But you couldn't keep  
Your promise love, promise love

Constantly reminded of the hurt inside  
Forced to be without you there  
Now I can stand and live  
For myself I no longer  
Need you here

(CHORUS)

Now that my tears had stopped  
I can see that I'm better off on my own  
And when you realize what you lost  
Please don't come back  
Cause your on your own

(CHORUS)
