It's amazing how you can
Speak right to my heart
Without saying a word
You light up the dark
Try as i may i could never explain
What i hear when you don't say a thing
The smile on your face
Let's me know that you need me
There's a truth in your eyes
Saying that you'll never leave me
The touch of your hands
Says you'll catch me if ever i fall
You say it that
When you say nothing at all
All day i can hear
People talking out loud
But when you hold me near
You drown out the crowd
Old Mr. Webster could never define
What's being said between your heart and mine
The smile on your face
Lets me know that you need me
There's a truth in your eyes
Saying you'll never leave me
The touch of your hands
Says you'll catch me if ever i fall
You say it that
When you say nothing at all
No, no, no, no, no
WhoA
When you say nothing at all
When you say nothing at all
When you say nothing at all
When you say nothing at all
When you say nothing at all
