From the shelter of your home
As you walk into the rain
Send a message that ya know she'll hear
Though she's so far away

Even though ya have been wrong before
She'll hear ya now
Ya know she will
But ya don't know how

From the shelter of the rain
As you walk into the tube
As you think of her ya wonder
If she thinks about you too

Even though you've waited so long
To see the day
When she will turn to you again
So long my friend, is what you say

And I don't know why ya feel so bad
Where is the life ya once had?
And still this horrid feeling
Grows and grows the way ya want it to

Even though you've waited so long
To see the day
When she will turn to you again
So long my friend, is what you say

And I don't know why ya feel so bad
Where is the life you once had?
And still this horrid feeling
Grows and grows the way ya want it to

You're a fool though
Why ya feel so bad?
Where is the life you once had?
And still this hollow feeling
Grows and grows the way ya want it to
