Caught the last train out of here
It's now 1925, english gardens i see
Laid out as there meant to be
Find a penny pick it up
You can't get much more than love
Walk the streets in the pouring rain
Crowding on the returning train
I turn back time
A life design
That will a fight
It's the human right

Caught the last train out of here
It's now 1925, english gardens i see
Laid out as there meant to be
Find a penny pick it up
You can't get much more than love

Walk the streets in the pouring rain
20 numbers on the turning train
I turn back time
A life design
That will a fight
It's the human right
I turn back time
A life design
I turn back time
A life design
I turn back time
A life design
I turn back time
A life design
