Some things crept in under our door
Silence soaking through the floor
Pinching like a stone in my shoe
Some chemical that's breaking down the glue
That's been biding me to you

I feel like I just don't know you anymore
But iv'e been burned and iv'e been wrong so many
times
We walk in circles, the blind leading the blind

Well I thought that love watched over this house
But your boarding up the windows now
We've been leaning on each other so hard
Tied so tight we wound up miles apart
Making simple things so hard

I feel like I just don't know you anymore
But iv'e been burned and iv'e been down so many
times
We walk in circles, the Blind leading the blind
We've been disconnected somehow
There's an invisible wall between us now
But iv'e been wrong and iv'e been down so many times
We walk in circles the blind leading the blind

I see the landscape change before my eyes
The features iv'e been navigating by
No nothing looks the way it did before
I don't know where to look, or what to look for

I feel like I just don't know you anymore
But iv'e been burned and iv'e been down so many
times
We walk in circles, the blind leading the blind
We've been disconnected somehow
There's an invisible wall between us now
But iv'e been wrong and iv'e been down so many times
We walk in circles, the blind leading the blind
We've been disconnected somehow
There's an invisible wall
Between us now
