Up in the old town  
When my mind was wallowing  
Down empty hallways  
When will I be one again?  
You're just  
Making it harder for yourself  
Making it easy for everyone else  
Making it easy for me

In the old time  
You'll never be in and you get never get out  
You'll learn from my family  
You'll never be in and you get never get out  
To run to the end of the earth

Under the archways  
Where my mind is wallowing  
Down to the country  
Where will I be well again

You're just  
Making it harder for yourself  
Making it easy for everyone else  
Making it easy for me

In the old time  
You'll never be in and you get never get out  
You'll learn from my family  
You'll never be in and you get never get out  
To run to the end of the earth  
To the end of the earth and run  
To the end of the earth

Build me a home underground  
Free from light and sound  
Build me a home in the air  
I will run, to the end  
To the end of the earth  
And run to the end of the earth

You're just

Making it harder for yourself  
Making it easy for everyone else  
Making it easy for me

In the old time  
You'll never be in and you get never get out  
You'll learn from your family  
You'll never be in and you get never get out  
To run to the end of the earth  
To the end of the earth and run  
To the end of the earth  
To the end of the earth and run  
To the end of the earth
