An old fairytale told me  
The simple heart will be prized again  
A toad will be our king  
And ugly ogres are heroes

Then you'll shake  
Your fist at the sky  
"Oh why did I rely  
On fashions and small fry?"

All promises broken  
Feed your people or lose your throne  
And forfeit your whole kingdom  
I'd sooner lose it than still live in it alone

You were our golden child  
But the gentle and the mild  
Inherit the earth, while

Your prince's crown  
Cracks and falls down

Your castle hollow and cold  
You've wandered so far  
From the person you are  
Let go brother, let go  
Cos now we all know

Soon, someone will put a spell on you  
Perfume, treasure, sorcery, every trick they know  
You will lie in a deep sleep  
That's when

Your prince's crown  
Cracks and falls down  
Your castle hollow and cold  
You've wandered so far  
From the person you are  
Let go brother, let go  
Cos now we all know
