I can't keep up, you're
moving too fast,
Deep holes and darkness,
these things will pass.

Dark times and strange places where...

When I came to see you
you had nothing to say,
I stood right beside you,
you turned the other way,
I reached out to hold you
and found nobody there,
You turn into air.

Trust me, I want you
just as you are,
Don't change the things you do,
just stay as you are.

Dark times and strange places where...

When I came to see you
you had nothing to say,

I stood right beside you,
you turned the other way,
I reached out to hold you
and found nobody there,
You turn into air.

(Instrumental break)

Dark times and strange places where...

When I came to see you
you had nothing to say,
I stood right beside you,
you turned the other way,
I reached out to hold you
and found nobody there,
You turn into air.
