Wake me, shake me from my sleepiness  
Wide-eyed, every tale is taller than the one before  
Inside out and upside down  
Don't make a sound  
The wolf's at the door  
And all your streetfighting years  
Won't help you anymore

Lead me, guide me home old scatterbrain  
Blow it, every smile is wider than the one before

Inside out and upside down  
Don't make a sound  
The wolf's at the door  
And all your streetfighting years  
Won't help you anymore

Inside out and upside down  
And don't make a sound  
So I live and feel  
Oh no, don't make a sound  
The wolf's at the door  
And all your streetfighting years  
Won't help you anymore
