Tired of talking
â€ˆbout weather
Other trivial things

Tired of talking
â€ˆbout food
The price of tangerines

You may outlive
This aging man
Before I go
Please understand

Never told you how
I love you
When I held you
In the dark

Never told you how
I love you
I was never
Very smart

I never told you how
I love you
When I kissed your
Baby face

Never told you how
I love you
And I pray itâ€™s
Not too late

I would tell you,
â€œThatâ€™s what men doâ€
say, â€ˆI love youâ€™
That was my alibi
But what men do should be corrected
What men do canâ€™t be accepted
If it makes your woman cry

Tired of talking

â€˜bout scandals
Rumors of the day

Tired of talking
â€˜bout old mistakes
Who deserves the blame?

The Winter of our lives
Is drawing near
Letâ€™s change it to Spring
From year to year

Now Iâ€™m telling you
I love you
Though the words are coming late

Iâ€™m telling you
I love you
And it feels so good to say

Iâ€™ll love you in the morning
Love you through the night
I will love you through the tears
And all the tragedies of life

Iâ€™ll stay with you forever
Love you every day
Love you, love you, love you
It feels so good to say

Love you, love you, love you, baby

Feels so good to sayâ€¦

Love
