When she told me you had died
I took a breath
Blinked my eyes
And didn't show it
It wasn't till I heard the song
that squeezed my heart
and brought the storm
just outside my window
Now I feel
it can't be real
Please take me home
Your empty body
doesn't remind me
CHORUS
In the beginning
there was nothing
Some things never change
Just outside my window
is the rain
We had plans
and we had time
I really thought we'd live our lives
here together
But like a Monarch Butterfly
a glimpse of beauty passing by
Just outside my window
Now I feel
it can't be real
Please take me home
Your empty body
doesn't remind me
In the beginning
there was nothing
Some things never change
Just outside my window
is the rain
Is the rain
Just outside my window
Just outside my window
Oh
In the beginning
there was nothing

Some things never change
Just outside my window
is the rain
Is the rain
Oh
In the beginning
there was nothing
Some things never change
Just outside my window
is the rain
Is the rain
Just outside my window
Take a look
Take a look outside
my window
Take a look outside my window
Just outside
Just outside
