Remember when we first met  
I was so excited just to get to know you  
Oh baby just to know you  
I was just a little bit shy  
God willing I was ready  
To try to show you  
Oh just to show you  
I felt a little funny  
But it was really no joke  
I wanted to prove my love  
In every word that I spoke  
(Chorus:)  
But the action  
Speaks louder  
You know the action  
Speaks louder than  
The word  
The action,  
Louder than the word  
I loved you just the way you were  
Somehow I had to find the nerve to tell you  
Oh baby just to tell you

So I did what a man must do  
I walked right over to you  
And I was asking  
Baby, lets go dancing  
I felt a little guilty  
But I had committed no crime  
I wanted to love you  
Love you and love you  
For a long time  
(Chorus)  
(Bridge:)  
I can't wait until I'm holding you  
And there's no doubt in your mind  
You're the one and only one for me  
Only one for me  
I'm gonna prove my love no matter how long that it  
Takes  
The feelings I have for you they're no mistake

(Chorus)
