Standin' on the corner of my life, you are
Always lookin' out but never
goin' far
Sittin' on the sideline for another day
Nuthin' like the present, so come out and
play

Jumpin', skippin',
twistin', liftin',
Happy in the world that you are livin'
I can make it, we can shake it
Just let go and don't say no
Sing it, swing it, love it, fling it
Round and round we go is what I'm
sayin'
I believe that we can have it all,
Just don't say no (don't say no)
Don't say no (don't say no)

Go ahead and spread your wings, you'll
love the flight
Love and understanding is a lovely sight
Walkin' down the road of life,
you're on your way
Whether you are right or wrong, no one can say

Float above the clouds
Sing your thoughts a-loud
You'll hear the way to laugh and grow
Leave your doubts behind
Strength is what you'll find
And love will never let you go
Don't say no (Don't say no)
Don't say no (Don't say no)
