Listen up everybody I'm not gonna take no more
there's a revolution, a revelation going on in my soul
buckle up, get ready we're not going to sit back back
and wait and allow ourselves, and each other to lose
control of our fate

they'll be no sacrifice, no more tears, no more
pain, nah, no more fear
I gotta make my move, get out of my way
cuz we've been waiting way too long

We don't weep, we don't moan
we gotta a mind of our own
that's right, we can't go wrong
if we stand up and be strong

ow...come on!

Get up everybody, get off your ass
we got to do something, and we gotta do it fast
cuz the people are hungry, starving, and the food is
low
don't wait for Jesus, he ain't coming back no more
we got to sacrifice, have no fear, shed no blood no,
shed no tears
we're gonna make our move, get out of my way
we've been waiting way too long

We don't weep, we don't moan
we gotta a mind of our own
that's right, we can't go wrong
if we stand up and be strong

We don't weep, we don't moan
we gotta a mind of our own
oh that's right, we can't go wrong
if we stand up and be strong
