You've been wishing all of your life
For a woman that'll love you
Tell the truth and treat you right
And you've been alone crying yourself to sleep
Now you got a girl who can rock your world
Put a smile on your face and a love you're gonna keep
This is the beginning are you ready to learn
To love somebody for a lifetime
Wake up it's your turn.

Chorus:

So tell me now that you got a whole enchilada
Now that you gotta,
What you're gonna do, what you gonna do
Are you gonna be any better
Than the man you had you be to get her
Oh now that you gotta
What you gonna do, what you gonna do, what you
gonna do.

Oh yeah

Are you ready to get involved
Where your anticipation is needed to get things
resolved
We all get used to living by ourselves
But now you're dealing with a situation
That involves someone else
Well it's about to get different
You're gonna need a new device
Cause she's gonna open up your mind
And open up your life.

Chorus:

So tell me now that you got a whole enchilada
Now that you gotta,
What you're gonna do, what you gonna do
Are you gonna be any better
Than the man you had you be to get her
Oh now that you gotta
What you gonna do, what you gonna do, what you

gonna do.

And this is the beginning are you ready to learn
To love somebody for a lifetime
Wake up it's your turn.

[Chorus:]

2 x

Are you gonna be any better
Than the man you had you be to get her
Oh now that you gotta
What you gonna do, what you gonna do, what you
gonna do.
