something in the way you throw your hair over your
shoulder
something in the way you smile,
when you're looking my way.
I've got no concerns the days are long and nights are
getting colder.
because of this I've got to try...

to honor you honey, please its gonna be all right
baby i'm never wishin'
for a change in my condition,
i'm not rich but
i know that the sun will shine for me.
oh, remember yesterday,
when you were dancing like a picture,in my mind.
but only a fool says love is hard to find.
maybe I'm blind for you lady.
but this time there aint no maybes.
together we'll get crazy,
like the rain that falls apon us...

and we are gonna be outa sight, we are gonna be
alright.
baby I'm never wishin'
for a change in my condition,
I'm not rich but
i know that the sun will shine for me.
baby I'm always chosen,
to live each and every moment,
to the best forget the rest,
come take a ride with me...

tearing down the walls holding you inside,
counting all the ways it could happen tonight,
for you and for me too, it's true...
baby I'm never wishin'
for a change in my condition,
I'm not rich but
i know that the sun will shine for me.

baby I'm always chosen,
to live each and every moment,

to the best forget the rest,
come take a ride with me...

baby I've never wished to,
fall far from my decision,
but i've got this and i know
that this is the ride for me

baby I've always hoped for this moment now
come and take a ride with me

wontcha take a ride with me?
