How a changing scene  
Rearranging trees  
Signs of things to come right now  
A cold wintertime

Days become less day  
A returning play  
Many creatures sleep right now  
A cold wintertime

CHORUS:

It's wintertime now  
Flakes whirling down down  
But I'm alright so  
I can find a way to see, the bright side  
Find a way to see the bright side  
It's wintertime now  
I'm feeling fine now  
Yes I'm alright then,  
I can find a way to see the bright side,  
I can find a way...

CHORUS:

Silence all around  
Quiet is the sound  
Of the distant howling hound  
A cold wintertime

Everything is free  
To a high degree  
You will give me peace of mind  
A cold wintertime

CHORUS:
