It's my way
It's my way
It's my way
It's my way
It's my way
It's my way...

Never knew love like this
The wind, moon,
the earth, the sky
Sky so high
Never knew pain like this
Everything die
Then die
Never knew love like this
The sun, the sea and I
Never knew pain
Never knew shame
Now I know why

Bury me, marry me to the sky
Bury me, marry me to the sky
Bury me, marry me to the sky
Bury me, marry me to the sky

Feels like time is on my time
Bury me upside down
Cherokee
Kissing me
When I'm
I'm going down
Feels like time is on my time
Bury me upside down
Cherokee
Kissing me
When I'm
I'm going down

Never knew love like this
The wind, moon
the earth, the sky
Sky so high

Never knew pain like this
Everything die
Then die
Never knew love like this
The sun, the sea and I
Never knew pain
Never knew shame
Now I know why

Bury me, marry me to the sky
Bury me, marry me to the sky
Bury me, marry me to the sky
Bury me, marry me to the sky

Feels like time is on my time
Bury me upside down
Cherokee
Kissing me
When I'm
I'm going down
Feels like time is on my time
Bury me upside down
Cherokee
Kissing me
When I'm
I'm going down

Feels like time is on my side
Bury me upside down, down
Cherokee, kissing me
When I'm, I'm going down
