Oh, how time flies
With crystal clear eyes
And cold as coal
When you're ending with diamond eyes

Oh, come child
In a crossbones style
Oh, come child
Come and rescue me
'Cause you have seen some
Unbelievable things

Hater, I have your diamonds and still
'Cause you have seen some
Unbelievable things
Hater, I have your diamonds

Oh, come child
In a crossbones style
Oh, come child
Come rescue me
'Cause you have seen some
Unbelievable things

Hater, I have your diamonds and still
So still

Oh, how time flies
With crystal clear eyes
And cold as coal
When you're ending with diamond eyes

Oh, come child
In a crossbones style
Oh, come child
Come and rescue me
'Cause you have seen some
Unbelievable things
