My name is equal to that of destruction
My kingdom is built on
(The ruins of) holy demise
The gods are brought down
By the hand of a mortal
My name will spawn legends
I ascend to the skies

Through time and space
We travel dimensions for eternity
We walk the path of the ancients
And leave mortality

Through time and space
We travel dimensions for eternity
We walk the path of the ancients
And leave mortality

Through time and space
We travel dimensions for eternity
We walk the path of the ancients
And leave mortality

Cosmic ascent and right to the stars
Carrying the powers we claim
I carry the ring of ancient pain
to taste the sin of your breed and your blood

I reap the world on reptilian wings
and never look back
Forever shall I be remembered
As the ruler of the gods

Through time and space
We travel dimensions for eternity
We walk the path of the ancients
And leave mortality

Through time and space
We travel dimensions for eternity
We walk the path of the ancients
And leave mortality
