Dragon Goetia  
Red gold on cold stone  
With the dead arise

Rise winged serpent  
Before the unseen  
Rise the serpenteye star

Through times of war  
A victor is crowned  
A beast of gigantic size

Summoned by words never spoken before  
Called upon for this war

Arise  
Armada  
Undefeatable will

Given wings  
Claw Crown of the Kings  
Death the reptile eye brings

Pulse of the earth  
The march of the Armada  
Fleet of marauders  
A sign of a coming tide  
The sintenel signals  
Armada elite adversary

Sandstorm propulsion  
Wild rape of the earth  
All shall perish  
None shall be spared  
Armada Kalessin  
Surface

"Come brave human  
Show us your courage  
Become all you can be  
Your fall shines through your bravery  
You will be the measure of man's failure

A martyr for your race  
Come closer, come closer, come closer  
I wanna see your face"

"Ye was asked to behold the word  
To answer and to yield  
Now ye must answer to the sword  
For the race of mankind already  
Is a race of shattered shields"

"Curse not your liberator  
Bring me gifts before you're dead  
I am there, where mankind comes to die  
I'm the one to watch your glow from within  
Die as an ember to ash  
Claw to carry you  
Claw to crush you  
Symbol of the thousand talons"

Ancient serpent  
The hour has come  
A victor is crowned  
Triumphant through demise

Arise  
Armada  
Undefeatable will

Given wings  
Claw crown of the Kings  
Death the reptile eye brings

Summoned by words never spoken before  
Called upon for this war  
Given wings  
Claw crown of the Kings  
Death the reptile eye brings
