Rise  
And speak the truth  
You will bleed dry before you die  
Broken oath  
Worship the loathe  
Betrayer! Betrayer of life

You wear the crest of the shamed  
In blood you are blamed  
You're going down, down  
Down underground  
Blood on your hands  
In blood we are bound

A slaughter is at hand  
In this godforsaken land  
Swear to your masters command  
Swear to blood and join the death-clan  
Dying the dream  
The beast awakening  
Seeing through the eyes of horror  
Living the dream  
The dream of death  
Screaming through the mouth of terror

Wake up!  
And turn the cross  
Be not afraid to die as one of us  
Come forth and state your title  
Be a man and burn your bible

Night shines in lack of light  
Embrace the darkest night  
Scarred from an endless fight  
Save me from the light  
Dark as moonless night

Bow down in awe  
And salute the dragon's claw  
Thunder from above  
Fire from below

Wake up!  
And turn the cross  
Be not afraid to die as one of us  
Come forth and state your title  
Be a man and burn your bible

Night shines in lack of light  
Embrace the darkest night  
Scarred from an endless fight  
Save me from the light  
Dark as moonless night
