Going downtown again
Another Friday night
Those beer mugs so bright
We drink them all again

We're not drunk yet
But we will be soon
Those nights with my friends
I hope they never ends

We drink 'till we drop
Or 'till we reach the top

Another round, another round

Going downtown again
Another Friday night
Those beer mugs so bright
We drink them all again

We drink 'till we drop
Or 'till we reach the top

Another round, another round
'Till we hit the ground
