This world is burning.
As he comes for you.
The spiral's turning.
His demise is due.

You're the one he wants.
To end his life.
This journey that you're on.
Will end his strife.

Destroys all life in our plane view.
Soon to learn was a father for you.
Change your ways atone is way past due.
It's too late machines are you.
It's the only way home for you.
Flee to zanarkand he waits subdued.
Destroys all life in our plane view.
Soon to learn was a father for you.

Wont let her die.
As long as I am able.
I know I am able.
To take this road less traveled.
Sit back watch your world unravel.
I know we are able.
To watch you unravel.
Unravel in my hands.

Goddamn my cigarette is through.
Dad I can't stand the sight of you.
I know the faith in me are true.
Sin I'm comin' home for you.
This my plan and I know it's good.
I'll kill you just like should.
Flee to zanarkand it's almost through.
Take a step back see what I do.

This overdrive will destroy you.

My plan is good.
I'll kill like I should.
