A dear friend lost in tides of pain  
You left so quick such little time  
Goodnight I am the sky  
Riding home with blurry break lights  
I miss you ten cents a time  
Luck is something you earn  
Love lost is something I've learned  
Just say goodnight and close your eyes (say  
goodnight)  
My heart is on these stilts I've built for you trying to see  
you again  
(Again)  
What would it take to see you again  
My heart is on stilts to reach you  
Because of  
You are the one that I want to be I loved you  
What would it take to see your face again my father  
Riding home with blurry break lights  
I miss you ten cents a time  
Luck is something you earn  
Love lost is something I've learned  
Just say goodnight and close your eyes (say  
goodnight)  
My heart is on these stilts I've built for you trying to see  
you again  
(Again)  
Is it green on the other side cut it out you know it's  
dead inside  
Is it green on your side  
I am what I am because of you I am where I am  
because of you
