You told me not to put you up on a pedestal,  
fine then I'll just sit here and die.  
It's all right. I'll drink another to you,  
I'll get in a fight or two,  
it doesn't matter with who.  
It's all right.  
A twenty one year old dream,  
now you'll corrupt the whole scene.  
I think it's gone far enough, it's all right.  
I think you know what I mean, I think you know what to  
do,  
I think I'm coming with you.  
Looking back I never was so right.  
A night of fun would do us good night.  
So here's to losing you,  
A toast my love from me to you.  
Drink up now, don't be a fool while you're still on my  
pedestal.  
So we should go out and dance, we'll have a night on  
the town,  
turn up the radio loud, it's all right.  
You'll drink another to me, you'll get in a fight or three,  
It doesn't matter to me. It's alright.  
A seventeen year old dream,  
now we've corrupted the whole scene I think we've  
gone far enough,  
it's all right I think you know what I mean,  
I think you know what to do, I think I'm coming with  
you.
