### "Gestation Of Smegma"

Visit "[Gestation Of Smegma](#)" on MotoLyrics.com

Something awful happened to this child  
An unholy wad of smegmated gestation  
Jelly-like and squirming retarded heap

No arms  
No legs  
No head  
Gestation of smegma

Slithering and writhing  
An animate discharge  
Mucous covered epithelial appendages  
Sliced off-to be used as lard  
Trail of mucous, plasma and saliva  
Human chunk of fat, skin and grey matter  
Gestation gone wrong  
Weeping 2-week old waste of human flesh

Smegmated. Defect. Monster.
