Lovers don't talk  
Lovers don't talk  
Isolated and separated, alone in the night  
Sending out soundless words, reaching each other's  
mind  
No-one's left behind 'cause too many tears have been  
cried

Lovers don't lie  
Lovers don't lie  
The truth in their eyes, oh love in disguise  
Once they are touched they will try twice as much to be  
one for all time  
Or else they would rather die, hmm die  
I know that you know that even when we are apart we  
got something together  
Bad talks and sad talks have broken so many  
romances  
And if that's the way I hope and pray that lovers don't  
talk

Lovers get hurt, so badly hurt  
Hurt by those words, laser sharp words  
The intentions ain't right 'cause these words fear the  
light they just jealously bite  
They hide in the night, the night  
I know that you know that even when we are apart we  
got something together  
Bad talks and sad talks have broken so many  
romances  
And if that's the way I hope and pray that lovers don't  
talk

Lovers don't talk (Lovers don't talk)  
Lovers don't talk (Lovers don't talk)  
Lovers don't talk (Lovers don't talk)  
Lovers don't talk (Don't talk)  
Lovers don't talk (Lovers don't talk)  
(Lovers don't talk)  
(Lovers don't talk)  
(Lovers don't talk)
