Chorus

Girl I think i wanna be with you

But it's something that I just can't do

I wanna be faithful

See that's just me what i'm going through

I know i ought to be with you

know i need you but i can't keep you

I got to maintain my cool

Maybe i'm a fool

Can't keep you

[Silkk The Shocker]

Yo Yo Yo I never was the type to stress  
Get it off my chest  
yall can deal  
if yall was real  
yall can fill in the rest  
we both say yes  
guess we were both like phony  
jumped in too quick  
ideally cus we both was lonely  
we go 2 stores and you never peek at the price  
Treat you right had a bad day i just greet you with ice  
you know Silkk The Shocker hang with the thugs and  
the dealers  
wasn't the realest Never the type to get in to  
expressing my feelings  
I ain't gon lie It wasn't all bad  
Some was good  
matter fact it was all that'  
Sometimes i feel like we just didn't match  
Found a friend  
But only friend till then you alwayz came first  
Never type to creep Alwayz tried to make things work  
What What

Chorus

[Silkk The Shocker]

I wanna be with you but i can't hope you understand  
and all  
Tried to make this thang work  
Got knocked you'll be the first person i call  
Now with you can be myself  
with her it's like i'm living a lie  
I do everything for her it seems like she never satisfied  
If i give her 3 karats then she probably want four  
If I wanna go places then she probably just don't wanna  
go  
Now sometimes I feel like we settled  
in the back of our minds  
we all feel like we can find something better  
Now with you it' like you know me  
Like her she really don't understand me  
I know I live the way I live  
But she's all for changing me  
I don't care for girl with no money  
When I come home I ain't tryin to cuss  
Am I asking for much?  
But I can't sit here and pretend

I don't care  
To have both yall along  
That wouldn't be fair  
So if it's a puzzle  
I think I maybe just missing a clue  
Leave or Stay?  
God tell me what's a nigga to do  
What What What

Chorus till fade
