Yeah superstar, whoa superstar

[Verse 1]

Rollin with my window dropped  
Wind blowing, about 6 o clock  
Then this feeling came over me, got to find myself a  
pretty young thing  
So I took a left on the next block, saw this shorty so I  
had to stop  
Girl was looking as fine as could be yeah  
I said do you want to ride with me

[Verse 2]

Your car is looking real smooth, and you looking kind  
of cute too  
But boy I don't even know you, where the hell you think  
we going to?  
Girlfriend had a little spark, so I parked the car and just  
walked  
I don't mean no disrespect love, I'm just trying to see  
what you're made of

[Chorus]

Superstar, face from a movie screen  
Superstar, like the cover of a magazine  
No matter what you do, you'll always be my superstar  
Superstar, I'm your number one fan by far. Superstar

[Verse 3]

Baby boy is into me now, it's time you let me break it  
down  
I just reminisced on how we met, and this is something  
I would never forget  
From the moment your lips said hi, it's like I pictured  
your name in lights  
I bought tickets to all your shows, and I'm going to be  
there sitting in the front row

[Chorus]

[Pre-Chorus]

Mon Cheri don't you worry about a thing, I know you're

feeling sexy

I want you to know, you'll always be my superstar

[Chorus]

[Repeat 2x]
