I already heard your side of the story now hear mine,  
Ima tell you why cause you changed when you got  
doeOnanananaO no you listen

I remember like yesterday the very day I met you,  
You was lookin fly I was actin shy so when you walked  
by  
I ignored you then you turned around and asked me  
my name in an instant  
My attitude changed swept me off my feet you were so  
sweet feelin kinda deep  
You amused me gave you my number next day you  
called askin if you can see me  
So I said alright you can stop on by it gave me  
butterflys,  
30 minutes knock knock its you I'm glad to see you but I  
keep my cool from day one  
I fell in love with you but now I ask myself who are you.

[Chorus]

You changed You changed you got doe and changed  
you got doe and you changed baby  
You changed it wasn't the same you got doe and you  
changed you got doe and you changed what was I to  
do.

You were never there why should I be there, their know  
one there to hold me I am workin hard  
And late these are the day's when a girl like me needs  
lovin if he's not  
Then someone else is getting what he causes you  
wasn't takin care of home  
Left me there alone so whats a girl to do when she's  
feelin in the mood we were together  
But we grew apart thinkin with my mind and not my  
heart packed up all my things left the engagement  
Ring  
Cause from the looks of things I can't do this live this  
life that I call my life  
And if this is what is like being your wife I'd rather be  
your friend then through thick and thin  
But now it's the end my sufferin.

[Chorus]

You changed You changed you got doe and changed  
you got doe and you changed baby  
You changed it wasn't the same you got doe and you  
changed you got doe and you changed what was I to  
do.

What was I to do, sit around and wait for you to call  
When I wanted be in your arms missin you every  
minute  
You were gone you were gone to long doin who knows  
what who knows where  
You act like you didn't care when I told you, I wouldn't  
be here, cause you changed.

[Chorus]

You changed You changed you got doe and changed  
you got doe and you changed baby  
You changed it wasn't the same you got doe and you  
changed you got doe and you changed what was I to  
do.

No it ain't about the cars with rims and the range  
No it ain't about the cars and houses and things  
No ain't perpetraintin with the clothes broken promises  
please.  
No ain't about the hype that you given to me.  
No it ain't about it, No it ain't about it, No it ain't about  
it,

Oh no what was I to do about it.

No it ain't about the cars with rims and the range  
No it ain't about the cars and houses and things  
No ain't perpetraintin with the clothes broken promises  
please.  
No ain't about the hype that you given to me.  
No it ain't about it, No it ain't about it, No it ain't about  
it,

No it ain't about the cars with rims and the range  
No it ain't about the cars and houses and things  
No ain't perpetraintin with the clothes broken promises  
please.  
No ain't about the hype that you given to me.  
No it ain't about it, No it ain't about it, No it ain't about  
it,
