Although you try to justify the meaning
Of the note you sent this evening
To my door you're not deceiving me

I had a-thought that you'd have known much better
Sending round an un-signed letter
Facing me would be much better now

Is it just that you can't face the future with me?
Can't you tell me to my face?
You just took the cowards way to say goodbye
How would you feel here in my place?

If at last I think I'm glad
To rid myself of you I'm sad
To think about the time I let you go

Then, I'll turn and walk away
So please don't beg for me to stay
'Cause I know just what I will say to you

Is it just that you can't face the future with me?
Can't you tell me to my face?
You just took the cowards way to say goodbye,
How would you feel here in my place?

Tell me to my face you're leaving now...
Tell me to my face you're leaving now...
