Look out your window, see the earth  
Where did it come from, who gave it birth  
Where did it come from, where will it go, where will it  
go?  
Don't you wish you had the answers, well, I know

See how the rain falls, who made the sky?  
It's never ending, and you wonder why  
Where did it come from, where will it go, where will it  
go?  
Don't you wish you had the answers, well I know

Just look out past the stars, look to the one who put  
them there  
He, He made them all, and He gave them to us to  
share  
Yes He made them all, and He's gonna take them all  
back someday

Don't you just wonder, what lies ahead?  
There's peace in knowing, what Jesus said  
Where did you come from? Where will you go, where  
will you go?  
Don't you wish you had the answers?  
Don't you wish you had the answers?  
Don't you wish you had the answers?  
Well, I know
