You know it ain't no use in banging your head
Up against that cold stone wall
'Cause nobody's perfect, except for the Lord
And even the best bound to fall

Remember He is the vine and you are the branch
He'd love to get you through it and if you'd give Him a
chance
Just keep doing your best and pray that it's blessed
And Jesus takes care of the rest

Yes the Lord said that, "He'll take care of the rest",
He's gonna do it
Where He'll take care of the rest, He'll see you through
it, yeah
Where He'll take care of the rest, the devil blew it
Where He'll take care of the, He'll take care of the rest

Just think about Moses, in front of the burning bush
Barefoot on the holy ground
You know, he must have been thinking
Hey what's an old dude like me gonna tell 'em all
When I go down, go down Moses

The Lord said, "Hey Moe
Don't you worry about you going down south
I'll be saying every word that comes out of your mouth
You just keep doing your best and pray that it's blessed
Hey Moe, I'll take care of the rest"

Yes the Lord said that
"He'll take care of the rest", He's gonna do it
Where He'll take care of the rest, He'll see you through
it, yeah
Where He'll take care of the rest, oh, Pharaoh blew it
He'll take care of the, He'll take care of the rest

Just believe and you'll receive, that comfort you need
You just think about all those lonely people you know
They've got everything they want, but they got empty
souls
Well, He'll take care of the, He'll take care of the

He'll take care of the, care of the rest

You just think about Noah, toting his umbrella
When there wasn't a cloud in the sky
All his neighbors would laugh at his patchy raft
And they would snicker as he'd passed by

But the Lord said, "Hey Noah
Be cool, you just keep building that boat
It's just a matter of time till they see who's gonna float
You just keep doing your best, and pray that it's
blessed
Hey Noah, I'll take care of the rest, I'm the
weatherman"

The Lord said that
"He'll take care of the rest", He's gonna do it
He'll take care of the rest, He'll see you through it, yeah
Where He'll take care of the rest, his neighbors blew it
He'll take care of the, He'll take care of the

He'll take care of the rest, he's gonna do it
He's gonna do it yeah
He'll take care of the rest
Only Jesus can see you through it
He'll take care of the rest
Yes, yes, yes
He'll take care of the, He'll take care of the

He'll take care of the rest
You better believe it
He'll take care of the rest
Only the pure at heart receive it
He'll take care of the rest
Yes, yes, yes
He'll take care of the, he'll take care of the

He'll take care of the rest
Hallelujah
He'll take care of the rest
Only Jesus can give it to you
He'll take care of the rest
He'll take care of the rest
