The day we met I saw you from a distance
Walkin' in the door with some friends
My world stopped, frozen in a moment
And I didn't want that moment to end

Then your old boyfriend, got to drinkin' again
Wasn't treatin' you right
So we got in a fight

Over you, never has there been such a fool
Never has a heart beat so true
So deep and strong, with love so far beyond love I
knew
Before I knew I'll never will be over you

I can't forget that third day of December
I was scared as any man could be
But now that day is so easy to remember
'Cause we turned into a family

I was holdin' your hand, tryin' to be a man
But then our baby breathin'
I was on my knees

Over you, never has there been such a fool
Never has a heart beat so true
So deep and strong, with love so far beyond love I
knew
Before I knew I'll never will be over you

And I've done my best to tell you all this time
How I really feel
This love is forever 'cause I know I'll never will be over
you

Never has there been such a fool
Never has a heart beat so true
So deep and strong
This love so far beyond love I knew
Before I knew I'll never will be over you

The day we met I saw you from a distance

And I knew I'll never will be over you
