Let me rock you  
oh  
let me roll you to.  
Come on now  
Baby  
don't be shy.  
Come on  
Baby  
won't you take my hand  
I'll take you with me to a wonderland  
Where'll rock you  
well  
let me roll you to.  
I will try to make your dreams come true  
Just that  
Baby  
nothing else will do

Let me rock you  
well  
let me roll you to.  
There's no need to be shy  
I will tell you no lie  
Let me rock you.

Let me rock you  
oh  
let me roll you to

Oh  
Babe  
take my hand - I feel so good.  
Whenever love is just a memory

Turn to me  
Baby  
you can count on me

Let me rock you  
Baby  
let me roll you to.

And when the day changes to night  
It's gonna be alright. - Let me rock you.  
Oh  
let me rock you  
let me roll you to.  
Come on now  
Baby.  
Let me rock you  
let me roll you to.  
Come on  
Baby  
I feel so good

Let me rock you  
let me roll you to.  
Oh  
take my hand  
don't be shy.
